EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Carl Brundidge (Reg. No. 29,621) on 9/15/05.

2. The application has been amended as follows:

In the claims:

please cancel claims 10-11;

Abstract:

Please delete the first paragraph.

3. The following is an examiner's statement of reasons for allowance: none of the prior art of record teaches the combination of backing up data of a first storage region of a disk array into a second storage region of the disk array in response to a command to backup accompanied by information about the first storage region in which data to be backed up is stored and information about the second storage region into which the data to be stored as backup data wherein the command being sent from a computer; storing the information about the second storage region and the information about the backup of the first storage region as management information in a storage region

different from said second storage region within the disk array; and the other features of claims 1, 9, and 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

A) Matsumoto et al. (6851020) shows management information being stored in a region different from a region within a disk array;

b) Mimatsu et al. (6694413) shows mirroring management table being stored in a region different region different from a region within a disk array;
